Effective October 3, 2017, Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: The costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account). Call 1-888-675-6332 for recorded information.

How We Will Calculate Your Balance: We use a method called “average daily balance (including new purchases).”

*In the event you do not qualify for a Platinum Preferred card, we will automatically consider you for our Classic card. Your Rate on purchases is determined by adding 8.42% for Classic or 5.92% for Platinum to the “Prime Rate” published in the Wall Street Journal under the “Money Rates” subsection on the last business day of each month.
